WILL BE MODIFIED

Civil Service Law Booked For a Change by Congress.

TO BE A CAUCUS MEASURE.

Representative Dilliver and Senator Pritchard make the announcement. Union Pacific Sinking Fund Now a Part of the Treasury's Cash—Slaughter of Birds—Other Washington News.

WASHINGTON, Nov. 27.—Representative Dilliver of Iowa, who has just returned to Washington, makes the announcement that the policy of the Republicans in congress regarding the civil service law will be determined in a party caucus to be held soon after congress convenes. Senator Pritchard of North Carolina, chairman of the senate committee on civil service, has arrived in Washington and is of the opinion that congress will take some action in regard to the present law because there is a demand for its modification.

SLAUGHTER OF BIRDS.

Millions Slain Annually to Satisfy the Dictates of Fashion.

WASHINGTON, Nov. 27.—Speaking of bird life at the National museum, Frank M. Chapman, of the American Society of Natural History, gave startling figures of birds annually destroyed to ornament the hats and costumes of women and children.

"The greatest enemies the birds have," said Mr. Chapman, "are the milliners and the women who patronize them, and in that way become exponents of a savage, heartless spirit. Fully 200,000, 000 birds are annually killed," said the lecturer, "to satisfy the dictates of a heartless fashion. Yet," he said, "the world would become uninhabitable should the birds become extinct, and they surely will if the present warfare on them is continued. The duty of the audubon societies is to teach people, especially young people, more of birds, of their usefulness and of their home life, for once known," he declared, "no one will call for or permit their destruction."

U. P. SINKING FUND.

Now a Part of the Treasury's Cash. Except Congress Appropriates It.

WASHINGTON, Nov. 27.—Assistant Secretary Vanderlip yesterday signed what is known as a pay warrant, directing the treasurer of the United States to deposit in the treasury the sum of \$18,194,618, representing the proceeds of the sale of the Union Pacific sinking fund bonds and the uninvested cash in that fund which have been transferred to the treasury as part payment of the settlement of the reorganization committee of the Union Pacific road. This operation is merely a book transaction in the treasury and while it does not of itself result in formally taking up the amount as a treasury receipt, it is an important step, which leads to placing the sum in the treasury cash, where it is beyond recall and cannot be withdrawn, except in consequence of an appropriation made by law.

New Orleans Leaves in Danger.

WASHINGTON, Nov. 27.—The secretary of war has received an appeal for help from Louisiana where the levees are said to be in danger opposite New Orleans. The matter has been referred by the secretary of war to General Wilson, chief of engineers, and by him has been sent to the Mississippi river commission, although it is said there is no warrant for federal interference in the matter.

Why Hannis Taylor Didn't Lecture.

WASHINGTON, Nov. 27.—It is stated at the Catholic University and by Hon. Hannis Taylor, late United States minister to Spain, that a severe attack of bronchitis necessitated the abandonment of his lecture at the university. The report sent out yesterday to the effect that Spanish Minister Dupuy de Lome requested that the university authorities not permit the lecture, is denied by all parties concerned.

Fine Ship.

WASHINGTON, Nov. 27.—The naval trial board has made a report upon the recent two days' trial of the big battleship Iowa at sea, that thoroughly sustains Commodore Dewey's comment that the ship was as fine a type of a ship of her class as there is in the world.

Knightstown Postmaster.

WASHINGTON, Nov. 27.—The president yesterday appointed Wallace K. Deem postmaster at Knightstown, Ind. Mr. Deem owns the Knightstown Banner.

LAKE STEAMER STRANDED.

The Gogebic Grounded on North Manitou Island During a Snowstorm.

GREENHAVEN, Mich., Nov. 27.—Last evening a yawl containing the mate and a portion of the crew of the steamer Gogebic arrived here. The men related the story of the stranding of their steamer on North Manitou island on Thursday night during a snowstorm, and the mate sent messages to the vessel owners and the underwriters asking for assistance.

The Gogebic was empty and bound from Chicago for a port on Lake Erie. During a dense snowstorm she struck on the island just where the steamer Alva grounded a few years ago. She was on a rock and pounding heavily, so the captain scuttled her. The situation was so dangerous that the mate and some of the crew volunteered to go for help, and they reached this port after a perilous trip in their little boat. The wrecker Favorite has been dispatched from Cheboygan and unless fine weather sets in it is thought she will be too late to render aid.

STRIKE AT A THEATER.

Patrons Narrowly Miss Being Entertained With a Riot.

CHICAGO, Nov. 27.—The audience at the Great Northern theater last night narrowly missed being entertained by a riot of stage hands, actors and actresses instead of the "Bohemian Girl" which was the opera billed for the performance. The trouble was caused by a strike of stage hands and electricians. After a delay of half an hour the curtain rose with all the members of the Boston Lyric Stock company in opera costume grouped about the stage surrounding their manager, W. A. Thompson, who denounced the manager of the theater and announced the play could not go on. He asked the strikers to come on the stage and they yelled back that they were prevented by the police. The audience then made a rush for the doors. The company quieted them by singing "Auld Lang Syne." Henderson, the manager of the house, says the trouble arose from cancelling the company's engagement because of incompetency. This is denied by the company, who declare finances was the cause.

DIABOLICAL DEED.

Man Throws Oil and Tar on His Wife, Who is Fatally Burned.

ERIE, Pa., Nov. 27.—The wife of Antonio Milagro died yesterday a most horrible death. Antonio became drunk and went to the cellar to get more liquor. He fell and his wife came to his assistance with a lamp, but he threw a hammer at her head and missed the mark. He then came upstairs with a can of oil and tar, which he threw in his wife's face. In an instant the mixture caught fire from the lamp and she was enveloped in flames. Help arrived in time to prevent her from burning up where she stood. The woman was laid on her bed and when the officers arrived they found Antonio standing over his wife plucking the cooked flesh from her breast and arms in fiendish glee and cursing like a demon.

LEASED GOLD M.N.E.S.

Charles L. Kurtz Will Develop Properties in Mexico.

COLUMBUS, O., Nov. 27.—Hon. Charles L. Kurtz, ex-chairman of the Republican state executive committee, has leased two gold mines in Mexico and will develop them upon an elaborate scale. The mines are known to be rich in deposit, but are of such a location as to be extraordinarily difficult to work. However, with proper machinery and other facilities there is little doubt that they will yield bountiful fruit. It is understood that Mr. Kurtz represents a syndicate of capitalists in the venture.

HOW THEY WILL VOTE

Five Republicans in Hamilton County Will Stand by Caucus Nominee.

CINCINNATI, Nov. 27.—At the recent election the fusion ticket which carried this county contained nine Democratic and five Republican members of the legislature. There has been some doubt as to how the Republican fusionists would vote on joint ballot for United States senator. At a meeting of these fusionists early this morning they decided to vote for the Republican caucus nominee which will make the legislature stand 80 Republicans to 65 Democrats on joint ballot for senator.

SALVATION ARMY.

Congress in Furtherance of Colonization Scheme Being Held.

NEW YORK, Nov. 27.—The Salvation Army began a congress yesterday in this city in furtherance of the colonization scheme that has been so much talked of lately. The congress will be closed next Wednesday when a big meeting is to be held at Carnegie Hall. Consul Booth Tucker will preside. Ex-governor Flower, General Tracy, Justice MacLean, Bishop McCabe and Bolton have consented to attend the final anniversary meeting.

WIRE NAIL TRUST.

Greatest Combination Ever Effected in the Iron Trade.

CLEVELAND, Nov. 27.—Information from reliable sources in Cleveland is to the effect that at the protracted meeting in New York city during this week, attended by nearly all the big producers of wire, wire nails and rods in the country, an agreement to consolidate was virtually reached, only one concern remaining to be induced to go in. The combination will be the most immense ever attempted and will affect the entire iron trade. In order to avoid the fate of the old iron nail pool, the rods mills will be included, as well as a number of steel producing concerns.

RICH ARIZONA LEDGE.

One Assays \$300 in Gold and \$100 in Silver Per Ton.

PHOENIX, Ariz., Nov. 27.—A remarkable ore body has been uncovered in the Tombstone district, only a mile from the Pearce mine. George Fitts of Tombstone, has been working the property for upward of one year, but with indifferent success till a few days ago, when one of the richest goldbearing ledges ever seen in Arizona was uncovered. Thorough exploration has demonstrated that it is permanent. The rock assays upward of \$300 in gold and nearly \$100 in silver, and is a large, well defined ledge.

Deer in Seoto Hills.

PORTSMOUTH, O., Nov. 27.—Charles Miller of this city, while hunting near Friendship, chased up a deer among the Seoto Hills. His dogs started in pursuit, but the animal headed for the Ohio valley and swam the river to Kentucky. A deer was caught two years ago near the Kentucky shore at this point, hunters following it in a skiff.

ONE DOLLAR WHEAT

December Option Goes Up With a Bound at Chicago.

SHORTS WERE TRYING TO COVER

Not a Bushel Sold Until Dollar Mark Was Reached—Market Closed a Half Cent Lower—Bradstreet's Review of the Business Situation Throughout the Country—Little Improvement Noted.

CHICAGO, Nov. 27.—Wheat sold at \$1 yesterday for the December option, and closed at 99½ cents, an advance of 3½ cents. May showed a considerable amount of sympathy with the advance in December and closed 1¼ to 1½ cents higher. Efforts of shorts both here and from St. Louis caused the advance in December and they were not supplied until \$1 had been bid. Other markets were uninteresting.

About 45 minutes after the opening December began to advance, slowly at first, but very soon with the gathering impetus of an advancing storm. It rose from 96½ to 97½ cents, then made a spasmodic jump that took it to 98½ cents and another series of leaps that landed it at \$1. May responded in a protesting kind of manner by a rise to 93½ cents. It was all a matter of shorts covering.

There was hardly a bushel of wheat for sale until the market had reached \$1, when the anxious ones were furnished with so much that a sudden drop to 97½ cents resulted. But the shorts were to badly demoralized to wait any longer to get under cover and the prices soon shot up again. December closed at 99½ cents and May at 93½.

BUSINESS OUTLOOK.

Bradstreet Talks of the Condition of Trade Throughout the Country.

NEW YORK, Nov. 27.—Bradstreet's today says: Notwithstanding the appearance of a demand for holiday specialties at some points in the south, at Chicago, St. Louis and in regions tributary thereto, general trade throughout the country has shown no general improvement this week. Most favorable reports are from the territory west of the Mississippi river and north of Missouri and Kansas, where colder weather has stimulated demand and the interior and country merchants have been buying with comparative freedom.

The eastern cotton goods industry continues depressed. Consumers evidently do not intend to buy extensively until they believe the prices of raw cotton is ready to advance. Competition from southern mills, more particularly overproduction by manufacturers who produce a single staple, underlies existing large stocks and the heaviness of prices. Converters and manufacturers of cotton yarns are situated relatively more favorably.

Other lines reporting seasonable distribution are manufacturers of woolen clothing, shoes and jobbers of fancy groceries. At Philadelphia there is a check in demand for products in leading textile lines and arrangements are making to run on shorter time. Iron and steel have not been in as active demand as expected and are lower, notwithstanding furnaces and mills are supplied with orders sufficient to carry them well into next year. A favorable feature is found in advance in wages of operatives in various industrial lines.

Wheat exports, affected almost entirely by the holidays, show a considerable decrease from last week's total. The aggregate exports of wheat (four included as wheat) from both coasts of the United States and from Canada this week are 5,465,153 bushels against 6,653,000 bushels last week. Corn exports also would have been larger but for this reason, amounting to 2,869,000 bushels against 3,309,000 bushels last week.

General Lanuza Released.

ATLANTA, Nov. 27.—J. A. Gonsales Lanuza, of this city, the famous Cuban criminal lawyer, who has been confined in a penal colony prison in north Africa for over a year has been released. He is on his way to Atlanta.

Bradley Refuses a Pardon.

FRANKFORT, Ky., Nov. 27.—Governor Bradley refused to pardon Frank Meiner, one of Mrs. Gleason's assassins, and in doing so he thinks the sentence of the Campbell county jury in the case ought to have been death.

Health is the best inheritance.

It leaves its influence even to the third and fourth generation. What greater happiness has life in store for any man than to live to a green old age surrounded by his children and his children's children, and see them all robust, happy and successful. Happy the man who lives to carve at the wedding suppers of his grandchildren. Picture yourself a gray-haired but hearty old man at the head of the table at your grandson's wedding, thanking your Maker for the blessing of long life, and asking the blessing of good health for generations yet unborn. It lies in almost every man's power to be thus blessed if he will. If he will only obey Nature's laws and be watchful of his health, he will have long life and happiness. The best preserver of health is Dr. Pierce's Golden Medical Discovery. It keeps the digestion perfect, the liver active, and the blood pure. It is the best flesh-builder and nerve invigorator. The man who resorts to it whenever he feels any symptoms of approaching ill-health will live to a hearty old age. Druggists sell it. Nothing else is "just as good."

J. B. Holt, of Whitesburg, Wayne Co., Tenn., writes:

"In October, 1896, I was taken with a severe attack of heart trouble, and steadily grew worse. I consulted a doctor. He gave me a course of treatment but I gradually grew worse. At last I was told to try Dr. Pierce's Golden Medical Discovery. I took it and soon got well. My health continues good."

GENERAL MARMADUKE.

Extra From His Address Issued to Ex-Confederates of Missouri.

ST. LOUIS, Nov. 27.—General Vincent Marmaduke of Sweet Springs, Mo., appointed by the ex-confederate veterans of Missouri to write an authentic history of the part Missouri and Missourians took in the civil war, has issued a remarkable address. He says in part:

The honor and glory of this great struggle was with the south, and southern soldiers ought, in justice to themselves and their descendants, to preserve the memory of it. While the north and northern soldiers are inveighing against all manifestation of sectional feeling, they are erecting monuments to their successful leaders and telling the story very much to their credit and to our detriment. The north had more than four soldiers to one in the south. Its armies were reinforced and assisted by 600 ships of war, manned by 35,000 sailors. It had unlimited credit, which meant an unlimited supply of money. It had factories to manufacture everything needed to arm and equip—to supply and maintain its armies and fleets. It had railroads running in every direction for the transportation of its troops. It had intercourse with the whole world and could draw recruits for its army and navy from the whole world. The south had none of these advantages, or had them only to a limited extent. But, notwithstanding all its advantages, it took the north four years to crush the south, and then it did it by a grinding process and without having gained a single decisive victory.

THORN MURDER TRIAL.

State Rests Its Case Without Putting Mrs. Nock on the Stand.

NEW YORK, Nov. 27.—Lawyers Howe and Moss, who have diligently defended Martin Thorn, met yesterday with a serious and unlooked for obstacle when, after a brief adjournment, District Attorney Youngs informed the court that the people rested their case.

It was generally expected that Mrs. Nock would be put on the stand to reiterate her confession and the lawyers who had been assigned to look after Thorn's interests thought that she would repeat her statement of two weeks ago.

Later in the afternoon District Attorney Youngs said that he was not prepared to say whether Mrs. Nock, who had made such a famous scene in the first trial by her confession, would be produced or not. The case, as far as the district attorney's opinion went, was fully proved without the woman's testimony. Later on, however, one of Mr. Youngs' advisers said that in case the defense put Martin Thorn on the stand, the prosecution would certainly produce Mrs. Nock in rebuttal.

GAVE BOGUS NOTES.

Warrent For R. D. Tandy Charging Him With Forgery.

MORGANFIELD, Ky., Nov. 27.—A warrant has been issued for R. D. Tandy, of Louisville, charging him with forgery. While visiting his brother here last summer he bought the right to sell patent churns in two counties in upper Kentucky from A. D. Noe & Sons, of this place, executing a note in the name of Clay Tandy, signed as security. He also borrowed \$100 from Dr. Hobbs, of this place, giving a note for the money, with Clay Tandy, John Young and J. P. Young as securities. Both notes have been pronounced forgeries. The Tandy family is a highly respected one.

General Lanuza Released.

MAKER OF THE QUEER

Seventh Day Adventist Preacher Arrested For Counterfeiting.

SOUTH BEND ATTORNEY SKIPS

Sixty Quarts of Nitroglycerine Explodes. Jail Prisoners Revolt and Attempt the Life of the Sheriff—Ex-Banker Johnson Believed to Have a Large Sum of Money Hidden.

PAOLA, Ind., Nov. 27.—Sheriff Lindley Jones yesterday arrested Henry Crow for counterfeiting. Crow is an itinerant clock tinker, a Seventh day Adventist preacher and a mechanical genius. He has been making large quantities of the "queer," mostly dollars, and a half dozen agents to handle the stuff are said to be in hiding. Crow was arrested for the same offense eight years ago and sentenced to six months' imprisonment.

REVOLT IN A JAIL.

Attempt by Prisoners to Kill Sheriff Murphy of Princeton.

PRINCETON, Ind., Nov. 27.—The Gibson county jail prisoners to the number of 19 were in open revolt yesterday against Sheriff Murphy. The trouble was brewing for several days and the sheriff had been warned of threats made on his life. The trouble began with a demand for more food or they would kill the sheriff. Murphy summoned a posse and ordered them to remain outside the cellroom while he entered to see if he could not pacify the men. As soon as he entered the room all the prisoners, led by John Beger, rushed upon him and proceeded to carry their threat into action. The posse came to the sheriff's assistance and a fierce fight ensued. Beger was beat into insensibility and thrown into a cell. With their leader vanquished the prisoners quieted down. Beger says he will kill Murphy.

NITROGLYCERINE.

Chesterfield, Ind., Shaken Up by an Explosion Felt For Ten Miles.

CHESTERFIELD, Ind., Nov. 27.—Sixty quarts of nitroglycerine exploded at one of the Richmond Gas company's new wells near here. The driller's engine was blown to fragments and the farmhouse of James Gold, Jr., 100 yards away, was badly wrecked. Maria Makepiece was thrown from her bed and seriously injured. The windows in the Chesterfield schoolhouse were broken and the walls cracked, as were a number of residences in Chesterfield. Driller Haney and Maguire were standing within 30 feet of the scene and were hurled 30 feet by force of the explosion, but fortunately only received slight bruises. The concussion was felt for 10 miles. The damage amounts to \$1,900.

General Slack's Widow Dead.

HUNTINGTON, Ind., Nov. 27.—Mrs. Ann Slack, widow of the late James R. Slack, is dead, after many months of illness. She was about 70 years old. Her late husband was a prominent general during the war, and he was also a leading jurist of northern Indiana for many years. Mrs. Slack was speechless for almost a year, the result of a stroke of paralysis.

Think He Has Money Hidden.

LOGANSPOUT, Ind., Nov. 27.—The attorney who went to Columbus, O., to take the deposition of Johnny Johnson, the bank wrecker, relative to suits pending in court, report Johnson in good health and spirits, a trusty and head bookkeeper of the institution. The belief is gaining strength that Johnson has a large sum of money hidden in a safe place.

Both Hands Badly Burned.

CLARKSVILLE, Ind., Nov. 27.—Jarvis Benjamin injured his hand and wrapped it up in a cloth saturated with turpentine. Then he struck a match with which to light his pipe. Fire was communicated to the turpentine and both hands were so terribly burned that he may lose them.

Attorney Disappears.

SOUTH BEND, Ind., Nov. 27.—Alexander Wilhelm, an attorney, and the Democratic candidate for county prosecutor last year, disappeared on Monday last. Since then nothing has been heard of him. He left his family almost penniless and he is known to be financially embarrassed.

Off the Track.

OSGOOD, Ind., Nov. 27.—A passenger train on the Baltimore and Ohio Southwestern railway from Cincinnati was thrown off the track at Pierceville by the breaking of a wheel under the postal car. None of the passengers or crew injured.

Resigned His Office.

CROWN POINT, Ind., Nov. 27.—Sylvanus P. Van Winkle, justice of the peace, tried a few days ago for alleged bribery, the jury disagreeing, has resigned his office. It is currently believed that he will not again be brought to trial.

Found Unconscious in the Street.

ELWOOD, Ind., Nov. 27.—James Hannah was found unconscious on the street here yesterday. His money was gone, but his jewelry remained intact. He can not account for his condition, and is alarmingly ill.

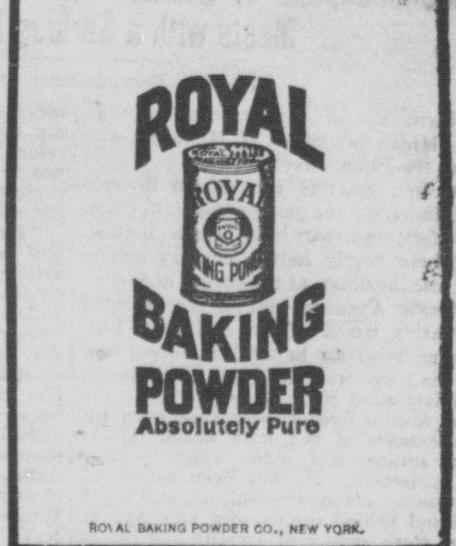

Gas Meeting Called.

MUNCIE, Ind., Nov. 27.—Mayor Cromer has issued a call for a mass meeting for next Wednesday evening to protest against the waste of natural gas and to petition Governor Mount to convene a special session of the legislature.

Christmas Dinner For the Poor.

SHELBYVILLE, Ind., Nov. 27.—The McQuiddy lodge, Daughters of Rebekah, will give a Christmas dinner to the children of the poor, the dinner to be served in the lodge hall.

Royal makes the food pure, wholesome and delicious.

His Victim Dead.

KANKAKEE, Ills., Nov. 27.—Michael C. Wagner, the wealthy stock raiser of Eylar, Ills., who was shot by Saloon-keeper Emmons in a quarrel over a woman, is dead of his wound. Emmons is under \$1,000 bonds, and will be tried for murder.

Captain of O. N. G. Sentenced.

TOLEDO, O., Nov. 27.—Samuel F. Tanner, late captain of Company C, Sixteenth infantry Ohio National Guards, who was recently indicted for embezzling the company's funds, was yesterday sentenced to the penitentiary for three years.

Woman's Suffragists.

TOLEDO, O., Nov. 27.—Yesterday afternoon the Toledo meeting of the National conference of the Woman's Suffrage association began its sessions with Miss Mary G. Hay of New York presiding.

Quarrelled Over the Tobacco Crop.

ST. STEPHEN, Ky., Nov. 27.—J. V. Embury, a farmer, was shot yesterday and killed by his tenant, L. A. Stull. They quarrelled over the division of the tobacco crop.

THE FATE OF A PROMINENT MARINE GROCERYMAN.

P. H. Monahan, one of Detroit's Oldest and Best Known Merchants Meets with a Serious Experience.

From the Evening News, Detroit, Mich.

Prominent among the business men of Detroit, Mich., is Patrick H. Monahan, who resides at 199 Baker Street.

He has been actively engaged in the grocery business for the past forty-seven years, of which forty-two years have been in Detroit. Coming here nearly half a century ago he started into business at the corner of Second and Jefferson Avenues, and for years catered to the marine trade. From Duluth to Buffalo his name was an honorable, honest boat supply man as well known to all boatmen. The matter what time of day or night, the Monahan Marine Grocery was kept open for the convenience of the lake boats. He is the best known and oldest retail grocery dealer in Detroit. He has been successful in business by his square dealings, and is yet to be found behind the counter any day at his large store, corner of Twelfth and Baker Streets. To a reporter, he recently said:

"When we first opened the Jefferson Avenue store we had to work day and night. The vessels that needed supplies, wanted them right off and we had to jump all the time. The reason vessels patronized us, was because we filled their orders at once. Every hour counts with them and we had a double lot of clerks that worked day and night. I have been hustling all my life. No man can succeed in business without hustling. Some people hustle too much, and I was one of them."

"About four years ago I had to give up on account of my back giving out. It had bothered me for years. For a week I sat around the house and then had to go to bed. The family physician said that I had worn myself out by hard work. I did not do

The silver mine owners are able to keep Bryan on the road by keeping their barrel open.

ALLEN W. CLARK is making preparations for his free silver meeting at Greensburg in December at which time he will launch his boom for a state office.

The natural gas interests of Indiana should be protected from the wreckless invasions of the oil speculators without delay. What law there is on the subject should be enforced.

Much to the disappointment of the free silver people the republican fusionists elected to the legislature from Hamilton county, Ohio, have decided to vote for the republican caucus nominee.

Much interest is felt in the public mind just now as to the prospective attitude of President McKinley on the Cuban question. This anxiety is doubtless due to the fact that a war cloud would check, if not absolutely destroy, the business improvement among farmers, manufacturers, and merchants which has been apparent since the McKinley administration came into operation.

The thirteen countries which protested against the new tariff law, instead of shutting out goods from the United States as the democrats predicted in retaliation for the passage of the Dingley bill actually increased their purchases from us during August and September nearly \$25,000,000 as compared with the corresponding months of last year under the Wilson law.

It turns out that the bank wrecking in Crawford county is much less disastrous than was at first anticipated. It seems quite probable that all claims will be settled in full and that Willet will not be prosecuted.

A Political Proposal.

The state papers, according to an exchange, are just now commenting on the letters written to a Fishing Creek maiden by a Columbia county swain. The young man in question takes a deep interest in politics, and he addressed her the following letter: "Dear Miss—I hereby announce myself as a candidate for your hand, and shall use all fair and honorable means to secure the nomination. I know there are many candidates in the field, and I hesitated long before entering the race, but now I am in it to stay. My views on love and matrimony have been expressed in your hearing in an emphatic way. If you decide to confer upon me the honor I speak of, please fix a date for a caucus with your mother. I have no objection to her acting as temporary chairman, provided it is clearly understood that I am to be chairman of the permanent organization. Should the result of the caucus prove satisfactory, we can soon hold the primaries and select a date and place of convention. I never believed in long campaigns so if you decide to honor me I will ask you to make the convention date as early as possible. Devotedly yours, etc."

The following telegram answered "Caucus unnecessary; nomination unanimous; come at once and fix the date of ratification."

DIED

William Buchrig, a respected citizen of Indianapolis, died at 6 o'clock Saturday morning, November 27, 1897, with Bright's disease, aged about fifty years. He was a son-in-law of John Q. A. Newson of Seymour.

Willie Stafford of near Surprise died Thursday November 25, 1897, with pneumonia aged about eighteen years.

RAILROAD RUMBLINGS.

Everett Phillips, of the P. D. & E., was in the city accompanied by his wife. The three coaches overturned on the B. & O. S. W. at Pierceville may be picked up today. They are not as badly mashed up as was expected.

A recent special from Lafayette says: "The congregation of the First Baptist church has extended a call to the Rev. Dr. A. B. Chaffee, president of Pella college, Pella, Ia. Dr. Chaffee will preach here next Sunday and his reply to the call is expected some time next week." Dr. Chaffee was pastor of the Seymour Baptist church a few years ago.

TEACHERS' ASSOCIATION.

Annual Session of the Jackson County Teachers' Association Fairly Successful.

After a two days' session the Jackson county teachers' association adjourned Friday afternoon. Considering the unfavorable weather the attendance was fairly good. The program was a good one and those who were assigned duties performed their parts well. The discussions brought out many thoughts of interest and profit to the teachers. Among the papers was one by Miss Anna Hancock of this city, on the question, "Should Latin be Taught in the Graded Schools?" and another by Mr. Thos. E. Sanders, principal of the Seymour high school, on the subject: "English in the Common Schools."

One of the most interesting features of association was the lecture by Supt. F. D. Churchill, of Oakland City, on the subject: "A Journey to the Setting Sun."

Before adjournment it was decided to hold the association next year on Friday and Saturday following Thanksgiving day, which is a decided improvement, as Thanksgiving day is never a favorable day for such a meeting.

The Masonic Temple Roof Garden at night, the World's Fair Court of Honor during a night illumination, the Columbus Fountain, three Chicago fire scenes showing a section of Chicago, before during and after the fire, a monster panoramic view of the South Side at night and the much heralded approaching engine scene, are a few of the settings employed in the production of Lincoln J. Carter's "Heart of Chicago" which comes to the Seymour Opera House Thursday Dec. 2d. It is said to be a great success.

The REPUBLICAN has in stock plenty of XX envelopes, size 6 1/2, which it has been furnishing and will continue to furnish at \$1.75 per thousand with return notice printed on them. These are not odds and ends of old stock, but new material which we carry regularly on hand. We have note heads and letter heads to match in quality and price. We do the best job printing in town.

Ohio Land Fifty Cents an Acre.
PORTSMOUTH, O., Nov. 27.—The cheapest land sale made in Scioto county for 30 years was that of 1,297 acres sold at auction for \$51, a fraction over 50 cents an acre. The tract is about a mile and a half square, and consists of probably the roughest and rockiest hills in the entire state, utterly useless for cultivation. The owner will make a game preserve of it.

One Man Killed and Three Injured.
BUFFALO, Nov. 27.—A Buffalo Creek engine pushed some cars down a siding of the Western New York and Pennsylvania company's tracks yesterday, killing Michael Smith, fatally injuring Frank Jesster and seriously injuring two track laborers.

REPLY FORWARDED.

Canada, It Is Said, Will Not Stop Pelagic Sealing For One Year.

OTTAWA, Ont., Nov. 27.—A reply has been prepared by the dominion government and forwarded to Washington in respect to the negotiations which are now going on between both countries. The government will not say what the reply is until it reaches Mr. Foster at Washington, but it is understood that it is a refusal to stop pelagic sealing for a year as the United States requested.

Revenue Collector Found Dead.
COLUMBIA, Ill., Nov. 27.—Madison C. Stookey of Belleville, deputy district internal revenue collector and one of the best known men in southern Illinois, was found dead yesterday under a trestle crossing Wamsar creek, a mile from here. It is supposed he fell from a train, but much mystery surrounds the case.

BRIEF TELEGRAMS.

The armored cruiser Brooklyn has been successfully dry docked at the Brooklyn navy yard.

Charles E. Andrews, aged 69, a widely known Pittsburg lumber dealer, is dead of paralysis.

Spanish government has placed a quarantine on all vessels arriving in Spain from Pensacola, Fla.

The Chinese merchants of San Francisco have formed a combination for the suppression of highbinders.

Dr. George R. Thorn, for a number of years secretary of the American Philosophical society, is dead at Philadelphia, aged 55 years.

Hiram Maxim's new quick firing gun has been tried at Portsmouth, Eng., with remarkable results. With 25 pounds of cordite it showed an effective range of 10,000 yards.

The Austrian minister has protested to the secretary of the treasury against the deportation of 48 state officers, recently arrested in Mississippi for violating alien contract labor law.

Mias Lola Knost, a member of the high-school senior class, has the measles. For four years she has neither been tardy nor absent from school, but this excellent record will now be broken into.

J. G. HARRISON DEAD.

Had Been a United States Commissioner For Twenty Years.

NEW ALBANY, Ind., Nov. 27.—James G. Harrison, United States commissioner for the New Albany district for the past 20 years, died yesterday afternoon after an illness of several weeks, of cancer of the stomach. He was 62 years old, and leaves a wife and three sons. He was a member of the Odd Fellows fraternity.

Oldest Man In Indiana.

PORTLAND, Ind., Nov. 27.—The oldest living man in Indiana is said to be William Sloan Green. He celebrated his 110th anniversary yesterday. He is in fair health and has good hearing and eyesight, being able to thread a needle and read ordinary print without the aid of glasses.

DECREES PUBLISHED.

Kind of Autonomy Granted to Cuba and Porto Rico.

MADRID, Nov. 27.—The Official Gazette publishes this morning the royal decrees granting autonomy to Cuba and Porto Rico, thus removing the anxiety that had begun to be expressed on all sides as the result of the government's reticence and unexplained delay.

Article 1. Explains the principles of the future governments of the two islands.

Art. 2. Declares that the government of each island shall be composed of an insular parliament, divided into two chambers, while a governor general, representing the home government, shall exercise in its name the supreme authority.

Art. 3. Declares that the faculty of making laws of colonial affairs rests with the insular chambers and the governor general.

Art. 4. Directs that the insular representation shall be composed of two corporations with equal powers—a chamber of representatives and a council of administration.

Art. 5. Provides that the council of administration shall consist of 35 members, of whom 18 shall be elected and 17 nominated by the home government.

Art. 6. Provides that the members of the council of administration must be Spaniards, 35 years of age, who were born in the island or who have resided there continuously for four years. It specifies numerous officials, such as senators, presidents of courts and of chambers of commerce and other bodies as eligible to election to the council.

Art. 7 to 14. Inclusive deal with nominations and the condition of election to councils.

Art. 15. Empowers the throne or the governor general to convoke, suspend or dissolve the chambers with an obligation to reassemble them within three months.

ON THEIR FIGHT.

Northern Illinois Miners' Strike Ended and Men Go Back to Work.

CHICAGO, Nov. 27.—The coal mining strike in the northern Illinois district ended yesterday. Twelve thousand men have gone back to work in the Coal City, Braidwood, Carbon Hill, Spring Valley, Rodi, Seatonville and Oglesby fields. One thousand men remain out at Streator, the only point where miners and operators have not agreed. A settlement there is expected within a week. The victory is with the miners.

Railroad Engineer

Testifies to Benefits Received From Dr. Miles' Remedies.

THERE is no more responsible position on earth than that of a railroad engineer. On his steady nerves, clear brain, bright eye and perfect self command, and the safety of the train and the lives of its passengers. Dr. Miles' Nervine and his remedies are especially adapted to curing the nervous system, the brain and the mental faculties. Engineer F. W. McCoy, formerly of 132 Broadway, Council Bluffs, but now residing at 3411 Humboldt St., Denver, writes that he suffered for years from constipation, causing sick, nervous and bilious headaches and was fully restored to health by Dr. Miles' Nerve & Liver Pills. I heartily recommend Dr. Miles' Remedies.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, but sent free by mail. Mention the REPUBLICAN and send your address to Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee effectiveness of this offer.

Two Pointed Questions Answered.

What is the use of making making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by C. W. Milhous.

Every Saturday Tourist Sleeping Car Route to California.

Commencing next Saturday night, and continuing every Saturday night thereafter, Midland Route tourist cars en route to Colorado, Utah and California will leave the Chicago Union Passenger Station of the Chicago, Milwaukee & St. Paul railway at 10 o'clock running over the Chicago and Omaha Short Line to Omaha, thence via Lincoln, Neb., Colorado Springs and Leadville, Colo., Salt Lake City and Ogden, Utah, Reno, Nevada and Sacramento, Cal., arriving at San Francisco at 8:45 p. m. Wednesday.

As will be noticed, this route is Midland through Northern Illinois, Iowa, Nebraska, Kansas, Colorado, (through the heart of the Rockies) Utah, Nevada and California, affording a perfect panoramic view of prairie, mountain and coast scenery.

These popular every Saturday California excursions for both first and second class passengers (not foreign emigrants) are "personally conducted" by intelligent, competent and courteous "conductors" who will attend to the wants of all passengers en route. This is an entirely new feature of tourist car service and will be greatly appreciated by families or parties of friends traveling together or by ladies traveling alone. Particular attention is paid to the care of children who usually get weary on a long journey.

Remember that the Midland Route Tourist Cars are sleeping cars and are supplied with all the accessories necessary to make the journey comfortable and pleasant, and the sleeping berth rate is but \$6.00 (for two persons) from Chicago to California.

Ask the nearest ticket agent for a tourist car "folder," giving complete information about the Midland Route or address "Eastern Manager Midland Route," No. 95 Adams street, Chicago, Ill., or Robert C. Jones, Traveling Passenger Agent, C. M. & St. P. Ry., 40 Carew Building, Cincinnati, O.

FASCINATING CALVE.

The Greatest Singer of the Day Acknowledges Her Indebtedness to Paine's Celery Compound.

Emma Calve has attained a success unprecedented in the annals of lyric art.

To repeat the story of her triumph is needless. Her superb voice, her fascinating half oriental dances, her caressing gestures, her black eyes, irresistible mirth—these, and the indescribable something more, make up the dazzling personation by which the artist made her name famous in every part of the world.

Her marvelous artist temperament has made her a great actress, but this brings its own price, and as great hearts know great grief, great temperaments must know great nervous strains, consequently, there are periods of nervous prostration and unfulfilled engagements when impatient audiences are apt to forget these extenuating circumstances.

Calve's absolute reliance on Paine's celery compound at all such times of low nervous energy appears in the following letter:

Boston, Mass., March 1897.
I am convinced that Paine's celery compound is the greatest nerve strengthener that can be obtained. I can vouch for its wonderful health-giving power.

EMMA CALVE.

Every great change for the worse in health is in most cases at once betrayed by a loss of weight and a pinched thinning of the face. On the other hand, a gain in weight, up to a certain point, goes hand in hand with an improvement in all other essentials of health, and notably an improvement in the color and amount of the blood.

To California Through Sunshine.

The great Burlington Route offers more diverse routes in connection with Pacific Coast travel than does any other railroad. Its several main lines to Kansas City, Denver, Billings and St. Paul, permit an unlimited number of variable routes for coast travel.

Drawingroom and compartment sleepers, chair cars [seats free] and dining cars. Only line with dining car service, St. Louis to Denver, 96 per cent. sunshine throughout the year via scenic Colorado and Salt Lake City.

The Billings Route is in connection with Northern Pacific Railroad for Pringle Sound travel. Hand some trains in the world between Chicago and St. Paul.

Ask your ticket agent for the Burlington Route or Coast tickets.

CASTORIA.

For infants and children. Sold by all druggists.

One of the surest test of the health-making capabilities of Paine's celery compound is the rapid increase in weight and the increased ruddiness of the blood that invariably follows its use. It clears the skin, makes the excretory, purifying functions, performed by the bowels, kidneys and the skin, regular and thorough.

The improvement in looks from taking this great restorative is not a mere matter of idle vanity, but the sign of healthier processes all over the body. Many a parent, wife and husband have watched with growing surprise and joy some listless, white-blooded, feeble, relative gaining under the help of Paine's celery compound, flesh, color and wholesomeness of the mind and body.

Not only is there a decided gain in the general health from the use of Paine's celery compound, but such disorders as sick headache, rheumatism, neuralgia, kidney disease and nervous debility invariably yield to the vigorous building up of the health that this great remedy never fails to bring about.

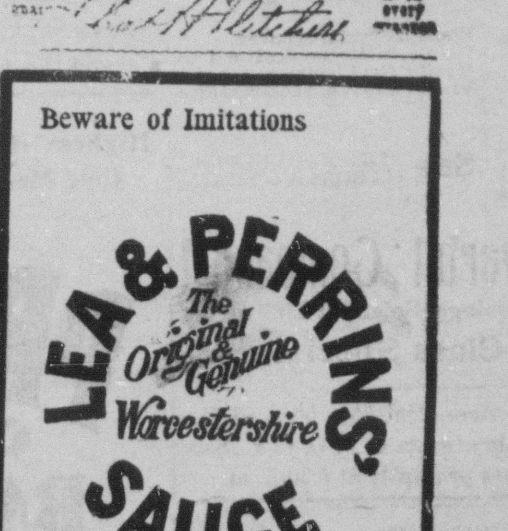

Increased appetite, ready capacity to digest food and the final cure of stomach disorders, bowel difficulties and nervous derangement following the use of Paine's celery compound.

As a prudent man insures his home against a contingency of fire, however remote, so persons feeling "run down" and tired should taking precautions against serious breaking down in health by building up securely the strength and vigor of the entire system by means of Paine's celery compound.

WILL BE MODIFIED

Civil Service Law Booked For a
Change by Congress.

TO BE A CAUCUS MEASURE.

Representative Dilliver and Senator
Pritchard Make the Announcement.

Union Pacific Sinking Fund Now a Part
of the Treasury's Cash—Slaughter of
Birds—Other Washington News.

WASHINGTON, Nov. 27.—Representative
Dilliver of Iowa, who has just re-
turned to Washington, makes the an-
nouncement that the policy of the Re-
publicans in congress regarding the
civil service law will be determined in
a party caucus to be held soon after con-
gress convenes. Senator Pritchard of
North Carolina, chairman of the senate
committee on civil service, has arrived
in Washington and is of the opinion
that congress will take some action in
regard to the present law because there
is a demand for its modification.

SLAUGHTER OF BIRDS.

Millions Slain Annually to Satisfy the
Dictates of Fashion.

WASHINGTON, Nov. 27.—Speaking of
bird life at the National museum, Frank
M. Chapman, of the American Society
of Natural History, gave startling fig-
ures of birds annually destroyed to or-
nament the hats and costumes of women
and children.

"The greatest enemies the birds have,"
said Mr. Chapman, "are the milliners
and the women who patronize them,
and in that way become exponents of a
savage, heartless spirit. Fully 200,000,
000 birds are annually killed," said the
lecturer, "to satisfy the dictates of a
heartless fashion. Yet," he said, "the
world would become uninhabitable
should the birds become extinct, and
they surely will if the present warfare
on them is continued. The duty of au-
dubon societies is to teach people, espe-
cially young people, more of birds, of
their usefulness and of their home life,
for once known," he declared, "no one
will call for or permit their destruction."

U. P. SINKING FUND.

Now a Part of the Treasury's Cash Ex-
cept Congress Appropriates It.

WASHINGTON, Nov. 27.—Assistant
Secretary Vandervip yesterday signed
what is known as a pay warrant, direct-
ing the treasurer of the United States
to deposit in the treasury the sum of
\$18,194,618, representing the proceeds
of the sale of the Union Pacific sinking
fund bonds and the uninvested cash in
that fund which have been transferred
to the treasury as part payment of the
settlement of the reorganization com-
mittee of the Union Pacific road. This
operation is merely a book transaction
in the treasury and while it does not of
itself result in formally taking up the
amount as a treasury receipt, it is an
important step, which leads to placing
the sum in the treasury cash, where it
is beyond recall and cannot be with-
drawn, except in consequence of an ap-
propriation made by law.

NEW ORLEANS LEAVES IN DANGER.

WASHINGTON, Nov. 27.—The secre-
tary of war has received an appeal for
help from Louisiana where the levees
are said to be in danger opposite New
Orleans. The matter has been referred
by the secretary of war to General Wil-
son, chief of engineers, and by him has
been sent to the Mississippi river com-
mission, although it is said there is no
warrant for federal interference in the
matter.

Why Hannis Taylor Didn't Lecture.

WASHINGTON, Nov. 27.—It is stated
at the Catholic University and by Hon.
Hannis Taylor, late United States min-
ister to Spain, that a severe attack of
bronchitis necessitated the abandon-
ment of his lecture at the university.
The report sent out yesterday to the ef-
fect that Spanish Minister Dupuy de
Lome requested that the university au-
thorities not permit the lecture, is de-
nied by all parties concerned.

Fine Ship.

WASHINGTON, Nov. 27.—The naval
trial board has made a report upon the
recent two days' trial of the big battle-
ship Iowa at sea, that thoroughly sus-
tains Commodore Dewey's comment
that the ship was as fine a type of a ship
of her class as there is in the world.

Knightstown Postmaster.

WASHINGTON, Nov. 27.—The president
yesterday appointed Wallace K. Deem
postmaster at Knightstown, Ind. Mr.
Deem owns the Knightstown Banner.

LAKE STEAMER STRANDED.

The Gogebie Grounded on North Manitou
Island During a Snowstorm.

GREENHAVEN, Mich., Nov. 27.—Last
evening a yawl containing the mate and
a portion of the crew of the steamer
Gogebie arrived here. The men related
the story of the stranding of their
steamer on North Manitou island on
Thursday night during a snowstorm,
and the mate sent messages to the vessel
owners and the underwriters asking for
assistance.

The Gogebie was empty and bound
from Chicago for a port on Lake Erie.
During a dense snowstorm she struck
on the island just where the steamer
Alva grounded a few years ago. She
was on a rock and pounding heavily,
so the captain scuttled her. The situation
was so dangerous that the mate and
some of the crew volunteered to go for
help, and they reached this port after a
perilous trip in their little boat.

The wrecker Favorite has been dis-
patched from Cheboygan and unless
fine weather sets in it is thought she
will be too late to render aid.

STRIKE AT A THEATER.

Patrons Narrowly Miss Being Entertained
With a Riot.

CHICAGO, Nov. 27.—The audience at
the Great Northern theater last night
narrowly missed being entertained by a
riot of stage hands, actors and actresses
instead of the "Bohemian Girl" which
was the opera billed for the perfor-
mance. The trouble was caused by a
strike of stage hands and electricians.
After a delay of half an hour the cur-
tain rose with all the members of the
Boston Lyric Stock company in opera
costume grouped about the stage sur-
rounding their manager, W. A. Thomp-
son, who denounced the manager of the
theater and announced the play could
not go on. He asked the strikers to
come on the stage and they yelled back
that they were prevented by the police.
The audience then made a rush for the
doors. The company quieted them by
singing "Auld Lang Syne." Henderson,
the manager of the house, says the trou-
ble arose from cancelling the com-
pany's engagement because of incompe-
tency. This is denied by the com-
pany, who declare finances was the
cause.

DIABOLICAL DEED.

Man Throws Oil and Tar on His Wife,
Who is Fatally Burned.

ERIE, Pa., Nov. 27.—The wife of An-
tonio Milagrio died yesterday a most
horrible death. Antonio became drunk
and went to the cellar to get more li-
quor. He fell and his wife came to his
assistance with a lamp, but he threw a
hammer at her head and missed the
mark. He then came upstairs with a
can of oil and tar, which he threw in
his wife's face. In an instant the mix-
ture caught fire from the lamp and she
was enveloped in flames. Help arrived
in time to prevent her from burning up
where she stood. The woman was laid
on her bed and when the officers ar-
rived they found Antonio standing over
his wife plucking the cooked flesh from
her breast and arms in fiendish glee and
cursing like a demon.

LEASED GOLD M.NES.

Charles L. Kurtz Will Develop Prop-
erties in Mexico.

COLUMBUS, O., Nov. 27.—Hon.
Charles L. Kurtz, ex-chairman of the
Republican state executive committee,
has leased two gold mines in Mexico and
will develop them upon an elaborate
scale. The mines are known to be rich
in deposit, but are of such a location as
to be extraordinarily difficult to work.
However, with proper machinery and
other facilities there is little doubt that
they will yield bountiful fruit. It is
understood that Mr. Kurtz represents a
syndicate of capitalists in the venture.

HOW THEY WILL VOTE

Five Republicans in Hamilton County
Will Stand by Caucus Nominee.

CINCINNATI, Nov. 27.—At the recent
election the fusion ticket which carried
this county contained nine Democratic
and five Republican members of the leg-
islature. There has been some doubt as
to how the Republican fusionists would
vote on joint ballot for United States
senator. At a meeting of these fusion-
ists were they decided to vote for the
Republican caucus nominee which will
make the legislature stand so Republi-
cans to 85 Democrats on joint ballot for
senator.

SALVATION ARMY.

Congress in Furtherance of Colonization
Scheme Being Held.

NEW YORK, Nov. 27.—The Salvation
Army began a congress yesterday in
this city in furtherance of the coloniza-
tion scheme that has been so much
talked of lately.

The congress will be closed next Wed-
nesday when a big meeting is to be held
at Carnegie Hall. Consul Booth Tucker
will preside. Ex-governor Flower, Gen-
eral Tracy, Justice MacLean, Bishop
McCabe and Bolton have consented to
attend the final anniversary meeting.

WIRE NAIL TRUST.

Greatest Combination Ever Effected in
the Iron Trade.

CLEVELAND, Nov. 27.—Information
from reliable sources in Cleveland is to
the effect that at the protracted meet-
ing in New York city during this week,
attended by nearly all the big producers
of wire, wire nails and rods in the coun-
try, an agreement to consolidate was vir-
tually reached, only one concern remain-
ing to be induced to go in. The com-
bination will be the most immense ever
attempted and will affect the entire iron
trade. In order to avoid the fate of the
old iron nail pool, the rod mills will be
included, as well as a number of steel
producing concerns.

RICH ARIZONA LEDGE.

Ore Assays \$300 in Gold and \$100 in
Silver Per Ton.

PHOENIX, Ariz., Nov. 27.—A remark-
able ore body has been uncovered in the
Tombstone district, only a mile from
the Pearce mine. George Fitts of Tomb-
stone, has been working the property
for upward of one year, but with indif-
ferent success till a few days ago, when
one of the richest goldbearing ledges
ever seen in Arizona was uncovered.
Thorough exploration has demonstrated
that it is permanent. The rock assays
upward of \$300 in gold and nearly \$100
in silver, and is a large, well defined
ledge.

Deer in Seloto Hills.

PORTSMOUTH, O., Nov. 27.—Charles
Miller of this city, while hunting near
Friendship, chased up a deer among the
Seloto Hills. His dogs started in pur-
suit, but the animal headed for the Ohio
valley and swam the river to Kentucky.
A deer was caught two years ago near
the Kentucky shore at this point, hunt-
ers following it in a skiff.

ONE DOLLAR WHEAT

December Option Goes Up With a
Bound at Chicago.

SHORTS WERE TRYING TO COVER

Not a Bushel Sold Until Dollar Mark
Was Reached—Market Closed a Half
Cent Lower—Bradstreet's Review of the
Business Situation Throughout the Coun-
try—Little Improvement Noted.

CHICAGO, Nov. 27.—Wheat sold at \$1
yesterday for the December option, and
closed at 99 1/2 cents, an advance of 3/4
cents. May showed a considerable
amount of sympathy with the advance
in December and closed 1 1/4 to 1 1/2 cents
higher. Efforts of shorts both here and
from St. Louis caused the advance in
December and they were not supplied
until \$1 had been bid. Other markets
were uninteresting.

About 45 minutes after the opening
December began to advance, slowly at
first, but very soon with the gathering
impetus of an advancing storm. It rose
from 98 1/2 to 97 1/2 cents, then made a
spasmodic jump that took it to 98 1/2
cents and another series of leaps that
landed it at \$1. May responded in a
protesting kind of manner by a rise to
93 1/2 cents. It was all a matter of shorts
covering.

There was hardly a bushel of wheat
for sale until the market had reached
\$1, when the anxious ones were fur-
nished with so much that a sudden drop
to 97 1/2 cents resulted. But the shorts
were to be badly demoralized to wait any
longer to get under cover and the prices
soon shot up again. December closed at
99 1/2 cents and May at 93 1/2.

BUSINESS OUTLOOK.

Bradstreet Talks of the Condition of
Trade Throughout the Country.

NEW YORK, Nov. 27.—Bradstreet's
today says: Notwithstanding the ap-
pearance of a demand for holiday
specialties at some points in the south,
at Chicago, St. Louis and in regions
tributary thereto, general trade through-
out the country has shown no general
improvement this week. Most favor-
able reports are from the territory west
of the Mississippi river and north of
Missouri and Kansas, where colder
weather has stimulated demand and the
interior and country merchants have
been buying with comparative freedom.

The eastern cotton goods industry
continues depressed. Consumers evi-
dently do not intend to buy extensively
until they believe the prices of raw cot-
ton is ready to advance. Competition
from southern mills, more particularly
overproduction by manufacturers who
produce a single staple, underlies exist-
ing large stocks and the heaviness of
prices. Converters and manufacturers
of cotton yarns are situated relatively
more favorably.

Other lines reporting reasonable dis-
tribution are manufacturers of woolen
clothing, shoes and jobbers of fancy
groceries.

At Philadelphia there is a check in de-
mand for products in leading textile
lines and arrangements are making to
run on shorter time. Iron and steel
have not been in as active demand as
expected and are lower, notwithstanding
furnaces and mills are supplied with
orders sufficient to carry them well into
next year. A favorable feature is found
in advance in wages of operatives in
various industrial lines.

Wheat exports, affected almost en-
tirely by the holidays, show a consider-
able decrease from last week's total.
The aggregate exports of wheat (flour
included) as wheat from both coasts of
the United States and from Canada
this week are 5,465,153 bushels against
6,653,000 bushels last week. Corn ex-
ports also would have been larger but
for this reason, amounting to 2,869,000
bushels against 3,809,000 bushels last
week.

THE FATE OF A PROMINENT MARINE GROCERYMAN.

P. H. Monahan, one of Detroit's Oldest and Best Known Merchants Meets with a Serious Experience.

From the Evening News, Detroit, Mich.

Prominent among the business men of Detroit, Mich., is Patrick H. Monahan, who resides at 199 Baker Street.

He has been actively engaged in the grocery business for the past forty-seven years, of which forty-two have been in Detroit. Coming here nearly half a century ago he started into business at the corner of Second and Jefferson Avenues, and for years catered to the marine trade. From Duluth to Buffalo his name was an honorable, honest host supply man well known to all boatmen. No matter what time of day or night, the Monahan Marine Grocery was kept open for the convenience of the lake boats. He is the best known and oldest retail grocery dealer in Detroit. He has been successful in business by his square dealing, and is yet to be found behind the counter any day at his large store, corner of Twelfth and Baker Streets. To a reporter, he recently said:

"When we first opened the Jefferson Avenue store we had to work day and night. The vessels that needed supplies, wanted them right off and we had to jump all the time. The reason vessels patronized us, was because we filled their orders at once. Every hour counts with them and we had a double set of clerks that worked day and night. I have been hustling all my life. No hustling success in business without hustling. Some people hustle too much, and I was one of them.

"About four years ago I had to give up an account of my back giving out. It had bothered me for years. For a week I sat around the house and then had to go to bed. The family physician said that I had worn myself out by hard work. I did not do

SATURDAY, NOVEMBER 27, 1897.

The silver mine owners are able to keep Bryan on the road by keeping their barrel open.

Allen W. Clark is making preparations for his free silver meeting at Greensburg in December at which time he will launch his boom for a state office.

The natural gas interests of Indiana should be protected from the weekless invasions of the oil speculators without delay. What law there is on the subject should be enforced.

Much to the disappointment of the free silver people the republican fusionists elected to the legislature from Hamilton county, Ohio, have decided to vote for the republican caucus nominee.

Much interest is felt in the public mind just now as to the prospective attitude of President McKinley on the Cuban question. This anxiety is doubtless due to the fact that a war cloud would check, if not absolutely destroy, the business improvement among farmers, manufacturers, and merchants which has been apparent since the McKinley administration came into operation.

The thirteen countries which protested against the new tariff law, instead of shutting out goods from the United States as the democrats predicted in retaliation for the passage of the Dingley bill actually increased their purchases from us during August and September nearly \$25,000,000 as compared with the corresponding months of last year under the Wilson law.

It turns out that the bank wrecking in Crawford county is much less disastrous than was at first anticipated. It seems quite probable that all claims will be settled in full and that Willet will not be prosecuted.

A Political Proposal.

The state papers, according to an exchange, are just now commenting on the letters written to a Fishing Creek maiden by a Columbia county swain. The young man in question takes a deep interest in politics, and he addressed her the following letter: "Dear Miss—I hereby announce myself as a candidate for your hand, and shall use all fair and honorable means to secure the nomination. I know there are many candidates in the field, and I hesitated long before entering the race, but now I am in it to stay. My views on love and matrimony have been expressed in your hearing in an emphatic way. If you decide to confer upon me the honor I speak of, please fix a date for a caucus with your mother. I have no objection to her acting as temporary chairman, provided it is clearly understood that I am to be chairman of the permanent organization. Should the result of the caucus prove satisfactory, we can soon hold the primaries and select a date and place of convention. I never believed in long campaigns so if you decide to honor me I will ask you to make the convention date as early as possible. Devotedly yours, etc."

The following telegram answered "Caucus unnecessary; nomination unanimous, come at once and fix the date of ratification."

DIED

William Buchrig, a respected citizen of Indianapolis, died at 6 o'clock Saturday morning, November 27, 1897, with Bright's disease, aged about fifty years. He was a son-in-law of John Q. A. Newson of Seymour.

Willie Stafford of near Surprise died Thursday November, 25, 1897, with pneumonia aged about eighteen years.

RAILROAD RUMBLINGS.

Everett Phillips, of the P. D. & E., was in the city accompanied by his wife.

The three coaches overturned on the B. & O. S. W. at Pierceville were not as badly mashed up as was expected.

A recent special from Lafayette says: "The congregation of the First Baptist church has extended a call to the Rev. Dr. A. B. Chaffee, president of Pella college, Pella, Ia. Dr. Chaffee will preach here next Sunday and his reply to the call is expected some time next week." Dr. Chaffee was pastor of the Seymour Baptist church a few years ago.

TEACHERS' ASSOCIATION.

Annual Session of the Jackson County Teachers' Association Fairly Successful.

After a two days' session the Jackson county teachers' association adjourned Friday afternoon. Considering the unfavorable weather the attendance was fairly good. The program was a good one and those who were assigned duties performed their parts well. The discussions brought out many thoughts of interest and profit to the teachers. Among the papers was one by Miss Anna Hancock of this city, on the question, "Should Latin be Taught in the Graded Schools?" and another by Mr. Thos. E. Sanders, principal of the Seymour high school, on the subject: "English in the Common Schools."

One of the most interesting features of the association was the lecture by Supt. F. D. Churchill, of Oakland City, on the subject: "A Journey to the Setting Sun."

Before the adjournment it was decided to hold the association next year on Friday and Saturday following Thanksgiving day, which is a decided improvement, as Thanksgiving day is never a favorable day for such a meeting.

The Masonic Temple Roof Garden at night, the World's Fair Court of Honor during a night illumination, the Columbus Fountain, three Chicago fire scenes showing a section of Chicago, before during and after the fire, a monster panoramic view of the South Side at night and the much heralded approaching engine scene, are a few of the settings employed in the production of Lincoln J. Carter's "Heart of Chicago" which comes to the Seymour Opera House Thursday Dec. 2d. It is said to be a great success.

Ohio Land Fifty Cents an Acre.

PORTSMOUTH, O., Nov. 27.—The cheapest land sale made in Scioto county for 30 years was that of 1,297 acres sold at auction for \$651, a fraction over 50 cents an acre. The tract is about a mile and a half square, and consists of probably the roughest and rockiest hills in the entire state, utterly useless for cultivation. The owner will make a game preserve of it.

REPLY FORWARDED.

Canada, It Is Said, Will Not Stop Pelagic Sealing For One Year.

OTTAWA, Ont., Nov. 27.—A reply has been prepared by the dominion government and forwarded to Washington in respect to the negotiations which are now going on between both countries. The government will not say what the reply is until it reaches Mr. Foster at Washington, but it is understood that it is a refusal to stop pelagic sealing for a year as the United States requested.

Revenue Collector Found Dead.

COLUMBIA, Ill., Nov. 27.—Madison C. Stookey of Belleville, deputy district internal revenue collector and one of the best known men in southern Illinois, was found dead yesterday under a trestle crossing Wamser creek, a mile from here. It is supposed he fell from a train, but much mystery surrounds the case.

DECREES PUBLISHED.

Kind of Autonomy Granted to Cuba and Porto Rico.

MADRID, Nov. 27.—The Official Gazette publishes this morning the royal decrees granting autonomy to Cuba and Porto Rico, thus removing the anxiety that had begun to be expressed on all sides as the result of the government's reticence and unexplained delay.

Article 1. Explains the principles of the future governments of the two islands.

Art. 2. Declares that the government of each island shall be composed of an insular parliament, divided into two chambers, while a governor general, representing the home government, shall exercise in its name the supreme authority.

Art. 3. Declares that the faculty of making laws of colonial affairs rests with the insular chambers and the governor general.

Art. 4. Directs that the insular representation shall be composed of two corporations with equal powers—a chamber of representatives and a council of administration.

Art. 5. Provides that the council of administration shall consist of 35 members, of whom 15 shall be elected and 17 nominated by the home government.

Art. 6. Provides that the members of the council of administration must be Spaniards, 35 years of age, who were born in the island or who have resided there continuously for four years. It specifies numerous officials, such as senators, presidents of courts and of chambers of commerce and other bodies as eligible to election to the council.

Art. 7 to 14. Inclusive deal with nominations and the condition of election to councils.

Art. 15. Empowers the throne or the governor general to convolve, suspend or dissolve the chambers with an obligation to reassemble them within three months.

"ON THEIR FIGHT."

Northern Illinois Miners' Strike Ended and Men Go Back to Work.

CHICAGO, Nov. 27.—The coal mining strike in the northern Illinois district ended yesterday. Twelve thousand men have gone back to work in the Coal City, Braidwood, Carbon Hill, Spring Valley, Rodi, Seatonville and Oglesby fields. One thousand men remain out at Streator, the only point where miners and operators have not agreed. A settlement there is expected within a week. The victory is with the miners.

Catarth Cannot be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of disease. Catarth is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarth Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarth Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarth. Send for testimonials, free.

Modified Features of the New Interchangeable Mileage Tickets.

Mr. E. A. Ford, General Passenger Agent of the Pennsylvania and Vandalia Lines, sends out information regarding the modified features of the Central Passenger Association's interchangeable one thousand mile ticket.

The most important modifications are in the rule as to signing the mileage strip and issuing the exchange ticket. Under the new rule the owner of an interchangeable mileage ticket may, at his convenience and leisure, sign his name upon the widest part of the mileage strip close to the last preceding detachment, and can leave his ticket thus signed with the agent upon his arrival at a station, or send it to him by a messenger or by the hotel porter or in some other way, and upon his return to the station find his exchange ticket ready and his baggage checked.

Interline tickets from points on one railway to points on another, via through car lines and via junctions where connections are close and there are no transfers, are being prepared as fast as possible.

WILL BE MODIFIED

Civil Service Law Booked For a Change by Congress.

TO BE A CAUCUS MEASURE.

Representative Dilliver and Senator Pritchard Make the Announcement. Union Pacific Sinking Fund Now a Part of the Treasury's Cash—Slaughter of Birds—Other Washington News.

WASHINGTON, Nov. 27.—Representative Dilliver of Iowa, who has just returned to Washington, makes the announcement that the policy of the Republicans in congress regarding the civil service law will be determined in a party caucus to be held soon after congress convenes. Senator Pritchard of North Carolina, chairman of the senate committee on civil service, has arrived in Washington and is of the opinion that congress will take some action in regard to the present law because there is a demand for its modification.

SLAUGHTER OF BIRDS.

Millions Slain Annually to Satisfy the Dictates of Fashion.

WASHINGTON, Nov. 27.—Speaking of bird life at the National museum, Frank M. Chapman, of the American Society of Natural History, gave startling figures of birds annually destroyed to ornament the hats and costumes of women and children.

"The greatest enemies the birds have," said Mr. Chapman, "are the milliners and the women who patronize them, and in that way become exponents of a savage, heartless spirit. Fully 200,000,000 birds are annually killed," said the lecturer, "to satisfy the dictates of a heartless fashion. Yet," he said, "the world would become uninhabitable should the birds become extinct, and they surely will if the present warfare on them is continued. The duty of audubon societies is to teach people, especially young people, more of birds, of their usefulness and of their home life, for once known," he declared, "no one will call for or permit their destruction."

U. P. SINKING FUND.

Now a Part of the Treasury's Cash Except Congress Appropriates It.

WASHINGTON, Nov. 27.—Assistant Secretary Vanderbilt yesterday signed what is known as a pay warrant, directing the treasurer of the United States to deposit in the treasury the sum of \$18,194,618, representing the proceeds of the sale of the Union Pacific sinking fund bonds and the uninvested cash in that fund which have been transferred to the treasury as part payment of the settlement of the reorganization committee of the Union Pacific road. This operation is merely a book transaction in the treasury and while it does not of itself result in formally taking up the amount as a treasury receipt, it is an important step, which leads to placing the sum in the treasury cash, where it is beyond recall and cannot be withdrawn, except in consequence of an appropriation made by law.

New Orleans Levees in Danger.

WASHINGTON, Nov. 27.—The secretary of war has received an appeal for help from Louisiana where the levees are said to be in danger opposite New Orleans. The matter has been referred by the secretary of war to General Wilson, chief of engineers, and by him has been sent to the Mississippi river commission, although it is said there is no warrant for federal interference in the matter.

Why Hannis Taylor Didn't Lecture.

WASHINGTON, Nov. 27.—It is stated at the Catholic University and by Hon. Hannis Taylor, late United States minister to Spain, that a severe attack of bronchitis necessitated the abandonment of his lecture at the university. The report sent out yesterday to the effect that Spanish Minister Dupuy de Lome requested that the university authorities not permit the lecture, is denied by all parties concerned.

Knightstown Postmaster.

WASHINGTON, Nov. 27.—The president yesterday appointed Wallace K. Deem postmaster at Knightstown, Ind. Mr. Deem owns the Knightstown Banner.

LAKE STEAMER STRANDED.

The Gogebic Grounded on North Manitou Island During a Snowstorm. GREENHAW, Mich., Nov. 27.—Last evening a yawl containing the mate and a portion of the crew of the steamer Gogebic arrived here. The men related the story of the stranding of their steamer on North Manitou island on Thursday night during a snowstorm, and the mate sent messages to the vessel owners and the underwriters asking for assistance.

The Gogebic was empty and bound from Chicago for a port on Lake Erie. A ring a dense snowstorm she struck on the island just where the steamer Alva grounded a few years ago. She was on a rock and pounding heavily, so the captain scuttled her. The situation was so dangerous that the mate and some of the crew volunteered to go for help, and they reached this port after a perilous trip in their little boat. The wrecked Favorite has been dispatched from Cheboygan and unless fine weather sets in it is thought she will be too late to render aid.

STRIKE AT A THEATER.

Patrons Narrowly Miss Being Entertained With a Riot.

CHICAGO, Nov. 27.—The audience at the Great Northern theater last night narrowly missed being entertained by a riot of stage hands, actors and actresses instead of the "Bohemian Girl" which was the opera billed for the performance. The trouble was caused by a strike of stage hands and electricians. After a delay of half an hour the curtain rose with all the members of the Boston Lyric Stock company in opera costume grouped about the stage surrounding their manager, W. A. Thompson, who denounced the manager of the theater and announced the play could not go on. He asked the strikers to come on the stage and they yelled back that they were prevented by the police. The audience then made a rush for the doors. The company quieted them by singing "Auld Lang Syne." Henderson, the manager of the house, says the trouble arose from cancelling the company's engagement because of incompetency. This is denied by the company, who declare finances was the cause.

DIABOLICAL DEED.

Man Throws Oil and Tar on His Wife, Who Is Fatally Burned.

EMERSON, Pa., Nov. 27.—The wife of Antonio Milagro died yesterday a most horrible death. Antonio became drunk and went to the cellar to get more liquor. He fell and his wife came to his assistance with a lamp, but he threw a hammer at her head and missed the mark. He then came upstairs with a can of oil and tar, which he threw in his wife's face. In an instant the mixture caught fire from the lamp and she was enveloped in flames. Help arrived in time to prevent her from burning up where she stood. The woman was laid on her bed and when the officers arrived they found Antonio standing over his wife plucking the cooked flesh from her breast and arms in fiendish glee and cursing like a demon.

LEASED GOLD M.N.E.S.

Charles L. Kurtz Will Develop Properties in Mexico.

COLUMBUS, O., Nov. 27.—Hon. Charles L. Kurtz, ex-chairman of the Republican state executive committee, has leased two gold mines in Mexico and will develop them upon an elaborate scale. The mines are known to be rich in deposit, but are of such a location as to be extraordinarily difficult to work. However, with proper machinery and other facilities there is little doubt that they will yield bountiful fruit. It is understood that Mr. Kurtz represents a syndicate of capitalists in the venture.

HOW THEY WILL VOTE

Five Republicans in Hamilton County Will Stand by Caucus Nominee.

CINCINNATI, Nov. 27.—At the recent election the fusion ticket which carried this county contained nine Democratic and five Republican members of the legislature. There has been some doubt as to how the Republican fusionists would vote on joint ballot for United States senator. At a meeting of these fusionists they decided to vote for the Republican caucus nominee which will make the legislature stand 80 Republicans to 85 Democrats on joint ballot for senator.

SALVATION ARMY.

Congress in Furtherance of Colonization Scheme Being Held.

NEW YORK, Nov. 27.—The Salvation Army began a congress yesterday in this city in furtherance of the colonization scheme that has been so much talked of lately. The congress will be closed next Wednesday when a big meeting is to be held at Carnegie Hall. Consul Booth Tucker will preside. Ex-governor Flower, General Tracy, Justice MacLean, Bishop McCabe and Bolton have consented to attend the final anniversary meeting.

WIRE NAIL TRUST.

Greatest Combination Ever Effected in the Iron Trade.

CLEVELAND, Nov. 27.—Information from reliable sources in Cleveland is to the effect that at the protracted meeting in New York city during this week, attended by nearly all the big producers of wire, wire nails and rods in the country, an agreement to consolidate was virtually reached, only one concern remaining to be induced to go in. The combination will be the most immense ever attempted and will affect the entire iron trade. In order to avoid the fate of the old iron nail pool, the rod mills will be included, as well as a number of steel producing concerns.

RICH ARIZONA LEDGE.

Ore Assays \$300 in Gold and \$100 in Silver Per Ton.

PHOENIX, Ariz., Nov. 27.—A remarkable ore body has been uncovered in the Tombstone district, only a mile from the Pearce mine. George Fitts of Tombstone, has been working the property for upward of one year, but with indifferent success till a few days ago, when one of the richest goldbearing ledges ever seen in Arizona was uncovered. Thorough exploration has demonstrated that it is permanent. The rock assays upward of \$300 in gold and nearly \$100 in silver, and is a large, well defined ledge.

Deer In Scioto Hills.

PORTSMOUTH, O., Nov. 27.—Charles Miller of this city, while hunting near Friendship, chased up a deer among the Scioto hills. His dogs started in pursuit, but the animal headed for the Ohio valley and swam the river to Kentucky. A deer was caught two years ago near the Kentucky shore at this point, hunters following it in a skiff.

ONE DOLLAR WHEAT

December Option Goes Up With a Bound at Chicago.

SHORTS WERE TRYING TO COVER

Not a Bushel Sold Until Dollar Mark Was Reached—Market Closed a Half Cent Lower—Bradstreet's Review of the Business Situation Throughout the Country—Little Improvement Noted.

CHICAGO, Nov. 27.—Wheat sold at \$1 yesterday for the December option, and closed at 99½ cents, an advance of 3½ cents. May showed a considerable amount of sympathy with the advance in December and closed 1½ to 1½ cents higher. Efforts of shorts both here and from St. Louis caused the advance in December and they were not supplied until \$1 had been bid. Other markets were uninteresting.

About 45 minutes after the opening December began to advance, slowly at first, but very soon with the gathering impetus of an advancing storm. It rose from 96¼ to 97½ cents, then made a spasmodic jump that took it to 98½ cents and another series of leaps that landed it at \$1. May responded in a protesting kind of manner by a rise to 93½ cents. It was all a matter of shorts covering.

There was hardly a bushel of wheat for sale until the market had reached \$1, when the anxious ones were furnished with so much that a sudden drop to 97½ cents resulted. But the shorts were to be badly demoralized to wait any longer to get under cover and the prices soon shot up again. December closed at 99½ cents and May at 93½.

BUSINESS OUTLOOK.

Bradstreet Talks of the Condition of Trade Throughout the Country.

NEW YORK, Nov. 27.—Bradstreet's today says: Notwithstanding the appearance of a demand for holiday specialties at some points in the south, at Chicago, St. Louis and in regions tributary thereto, general trade throughout the country has shown no general improvement this week. Most favorable reports are from the territory west of the Mississippi river and north of Missouri and Kansas, where colder weather has stimulated demand and the interior and country merchants have been buying with comparative freedom.

The eastern cotton goods industry continues depressed. Consumers evidently do not intend to buy extensively until they believe the prices of raw cotton is ready to advance. Competition from southern mills, more particularly overproduction by manufacturers who produce a single staple, underlies existing large stocks and the heaviness of prices. Converters and manufacturers of cotton yarns are situated relatively more favorably.

Other lines reporting seasonable distribution are manufacturers of woolen clothing, shoes and jobbers of fancy groceries.

At Philadelphia there is a check in demand for products in leading textile lines and arrangements are making to run on shorter time. Iron and steel have not been in as active demand as expected and are lower, notwithstanding furnaces and mills are supplied with orders sufficient to carry them well into next year. A favorable feature is found in advance in wages of operatives in various industrial lines.

Wheat exports, affected almost entirely by the holidays, show a considerable decrease from last week's total. The aggregate exports of wheat (four included as wheat) from both coasts of the United States and from Canada this week are 5,465,153 bushels against 6,653,000 bushels last week. Corn exports also would have been larger but for this reason, amounting to 2,869,000 bushels against 3,809,000 bushels last week.

General Lanuzza Released.

GENERAL MARMADUKE.

Extra! From His Address Issued to Ex-Confederates of Missouri.

ST. LOUIS, Nov. 27.—General Vincent Marmaduke of Sweet Springs, Mo., appointed by the ex-confederate veterans of Missouri to write an authentic history of the part Missouri and Missourians took in the civil war, has issued a remarkable address. He says in part:

The honor and glory of this great struggle was with the south, and southern soldiers ought, in justice to themselves and their dead comrades, to preserve the memory of it. While the north and northern soldiers are inveighing against all manifestation of sectional feeling, they are erecting monuments to their successful leaders and telling the story very much to their credit and to our detriment. The north had more than four soldiers to one in the south. Its armies were reinforced and assisted by 600 ships of war, manned by 35,000 sailors. It had unlimited credit, which meant an unlimited supply of money. It had factories to manufacture everything needed to arm and equip—to supply and maintain its armies and fleets. It had railroads running in every direction for the transportation of its troops. It had intercourse with the whole world and could draw recruits for its army and navy from the whole world. The south had none of these advantages, or had them only to a limited extent. But, notwithstanding all its advantages, it took the north four years to crush the south, and then it did it by a grinding process and without having gained a single decisive victory.

THORN MURDER TRIAL.

State Rests Its Case Without Putting Mrs. Mack on the Stand.

NEW YORK, Nov. 27.—Lawyers Howe and Moss, who have diligently defended Martin Thorn, met yesterday with a serious and unlooked for obstacle when, after a brief adjournment, District Attorney Youngs informed the court that the people rested their case.

It was generally expected that Mrs. Mack would be put on the stand to reiterate her confession and the lawyers who had been assigned to look after Thorn's interests thought that she would repeat her statement of two weeks ago.

Later in the afternoon District Attorney Youngs said that he was not prepared to say whether Mrs. Mack, who had made such a famous scene in the first trial by her confession, would be produced or not. The case, as far as the district attorney's opinion went, was fully proved without the woman's testimony. Later on, however, one of Mr. Youngs' advisers said that in case the defense put Martin Thorn on the stand, the prosecution would certainly produce Mrs. Mack in rebuttal.

GAVE BOGUS NOTES.

Warrent For R. D. Tandy Charging Him With Forgery.

MORGANFIELD, Ky., Nov. 27.—A warrant has been issued for R. D. Tandy, of Louisville, charging him with forgery. While visiting his brother here last summer he bought the right to sell patent churns in two counties in upper Kentucky from A. D. Noe & Sons, of this place, executing a note in the name of Clay Tandy, signed as security. He also borrowed \$100 from Dr. Hobbs, of this place, giving a note for the money, with Clay Tandy, John Young and J. P. Young as securities. Both notes have been pronounced forgeries. The Tandy family is a highly respected one.

MAKER OF THE QUEER

Seventh Day Adventist Preacher Arrested For Counterfeiting.

SOUTH BEND ATTORNEY SKIPS

Sixty Quarts of Nitroglycerine Explodes. Jail Prisoners Revolt and Attempt the Life of the Sheriff—Ex-Banker Johnson Believed to Have a Large Sum of Money Hidden.

PAOLI, Ind., Nov. 27.—Sheriff Lindley Jones yesterday arrested Henry Crow for counterfeiting. Crow is an itinerant clock tinker, a Seventh day Adventist preacher and a mechanical genius. He has been making large quantities of the "queer," mostly dollars, and a half dozen agents to handle the stuff are said to be in hiding. Crow was arrested for the same offense eight years ago and sentenced to six months' imprisonment.

REVOLT IN A JAIL.

Attempt by Prisoners to Kill Sheriff Murphy of Princeton.

PRINCETON, Ind., Nov. 27.—The Gibson county jail prisoners to the number of 19 were in open revolt yesterday against Sheriff Murphy. The trouble was brewing for several days and the sheriff had been warned of threats made on his life. The trouble began with a demand for more food or they would kill the sheriff. Murphy summoned a posse and ordered them to remain outside the cellroom while he entered to see if he could not pacify the men. As soon as he entered the room all the prisoners, led by John Boger, rushed upon him and proceeded to carry their threat into action. The posse came to the sheriff's assistance and a fierce fight ensued. Boger was beat into insensibility and thrown into a cell. With their leader vanquished the prisoners quieted down. Boger says he will kill Murphy.

NITROGLYCERINE.

Chesterfield, Ind., Shaken Up by an Explosion Felt For Ten Miles.

CHESTERFIELD, Ind., Nov. 27.—Sixty quarts of nitroglycerine exploded at one of the Richmond Gas company's new wells near here. The driller's engine was blown to fragments and the farmhouse of James Gold, Jr., 100 yards away, was badly wrecked. Maria Mackpiece was thrown from her bed and seriously injured. The windows in the Chesterfield schoolhouse were broken and the walls cracked, as were a number of residences in Chesterfield. Drillers Haney and Maguire were standing within 30 feet of the scene and were hurled 20 feet by force of the explosion, but fortunately only received slight bruises. The concussion was felt for 10 miles. The damage amounts to \$1,900.

General Slack's Widow Dead.

Had to Jump.

THE FATE OF A PROMINENT MARINE GROCERYMAN.

P. H. Monahan, one of Detroit's Oldest and Best Known Merchants Meets with a Serious Experience.

From the Evening News, Detroit, Mich.

Prominent among the business men of Detroit, Mich., is Patrick H. Monahan, who resides at 199 Baker Street.

He has been actively engaged in the grocery business for the past forty-seven years, of which forty-two years have been in Detroit. Coming here nearly half a century ago he started into business at the corner of Second and Jefferson Avenues, and for years catered to the marine trade. From Duluth to Buffalo his name as an honorable, honest boat supply man was well known to all boatmen.

No matter what time of day or night, the Monahan Marine Grocery was kept open for the convenience of the lake boats. He is the best known and oldest retail grocery dealer in Detroit. He has been successful in business by his square dealings, and it is to be found behind the counter any day at his large store, corner of Twelfth and Baker Streets. To a reporter, he recently said:

"When we first opened the Jefferson Avenue store we had to work day and night. The vessels that needed supplies, wanted them right off and we had to jump all the time. The reason we succeeded in business was because we filled their orders at once. Every boat comes with them and we had a double out of clerks that worked day and night. I have been hustling all my life. No man can succeed in business without hustling. Some people hustle too much, and I was one of them."

"About four years ago I had to give up on account of my back giving out. It had bothered me for years. For a week I sat around the house and then had to go to bed. The family physician said that I had worn myself out by hard work. I did not do

much for nearly two years, and doctored for my kidneys. My friends advised me to try remedies that they had faith in, and I tried nearly all of them. I was ready for any remedy that would relieve me, but I did not receive any benefit.

"I read considerable during my sickness and in my daily paper I noticed frequently articles regarding the wonderful cures made by Dr. Williams' Pink Pills for Pale People, and how the pills contained, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. One day I read of a case like mine, in which a complete cure had been effected. That convinced me that the pills had merit, and I decided to try them as they cost only 50 cents a box (never in loose form) or six boxes for \$2.50, and could be had at any drug store, or by mail from the Dr. Williams' Medicine Company, Schenectady, N. Y. The next day I asked the druggist regarding them. He said: 'We sell large quantities of the pills and they are well recommended by the purchasers.' They build up the blood, and restore the glow of health to pale and sallow cheeks, and effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature. I bought a box and took it home, and commenced to take the pills. Before I had taken one box that intense pain which for fifteen years had nearly killed me was gone. I continued using the pills until I had taken four boxes, which made me feel as well as I had for years previous to my sickness. My friends noticed the change at once and were more than pleased to see me out again. I continued using the pills, and in less than sixty days I was so much improved that I was able to attend to business."

It turns out that the bank wrecking in Crawford county is much less disastrous than was at first anticipated. It seems quite probable that all claims will be settled in full and that Willet will not be prosecuted.

A Political Proposal.

The state papers, according to an exchange, are just now commenting on the letters written to a Fishing Creek maiden by a Columbia county swain.

The young man in question takes a deep interest in politics, and he addressed her the following letter: "Dear Miss— I hereby announce myself as a candidate for your hand, and shall use all fair and honorable means to secure the nomination. I know there are many candidates in the field, and I hesitated long before entering the race, but now I am in it to stay. My views on love and matrimony have been expressed in your hearing in an emphatic way. If you decide to confer upon me the honor I speak of, please fix a date for a caucus with your mother. I have no objection to her acting as temporary chairman, provided it is clearly understood that I am to be chairman of the permanent organization. Should the result of the caucus prove satisfactory, we can soon hold the primaries and select a date and place of convention. I never believed in long campaigns so if you decide to honor me I will ask you to make the convention date as early as possible. Devotedly yours, etc."

The following telegram answered "Caucus unnecessary; nomination unanimous; come at once and fix the date of ratification."

DIED

William Buchrig, a respected citizen of Indianapolis, died at 6 o'clock Saturday morning, November 27, 1897, with Bright's disease, aged about fifty years. He was a son-in-law of John Q. A. Newson of Seymour.

TEACHERS' ASSOCIATION.

Annual Session of the Jackson County Teachers' Association Fairly Successful.

After a two days' session the Jackson county teachers' association adjourned Friday afternoon. Considering the unfavorable weather the attendance was fairly good. The program was a good one and those who were assigned duties performed their parts well. The discussions brought out many thoughts of interest and profit to the teachers.

Among the papers was one by Miss Anna Hancock of this city, on the question, 'Should Latin be Taught in the Graded Schools?' and another by Mr. Thos. E. Sanders, principal of the Seymour high school, on the subject: 'English in the Common Schools.'

One of the most interesting features of the association was the lecture by Supt. F. D. Churchill, of Oakland City, on the subject: 'A Journey to the Setting Sun.'

Before adjournment it was decided to hold the association next year on Friday and Saturday following Thanksgiving day, which is a decided improvement, as Thanksgiving day is never a favorable day for such a meeting.

The Masonic Temple Roof Garden at night, the World's Fair Court of Honor during a night illumination, the Columbus Fountain, three Chicago fire scenes showing a section of Chicago, before during and after the fire, a monster panoramic view of the South Side at night and the much heralded approaching engine scene, are a few of the settings employed in the production of Lincoln J. Carter's 'Heart of Chicago' which comes to the Seymour Opera House Thursday Dec. 2d. It is said to be a great success.

The Republican has in stock plenty of XX envelopes, size 6 1/2, which it has been furnishing and will continue to furnish at \$1.75 per thousand with return notice printed on them. J. G. HARRISON DEAD.

Had Been a United States Commissioner For Twenty Years.

NEW ALBANY, Ind., Nov. 27.—James G. Harrison, United States commissioner for the New Albany district for the past 20 years, died yesterday afternoon after an illness of several weeks, of cancer of the stomach. He was 62 years old, and leaves a wife and three sons. He was a member of the Odd Fellows fraternity.

Oldest Man In Indiana.

PORTLAND, Ind., Nov. 27.—The oldest living man in Indiana is said to be William Sloan Green. He celebrated his 110th anniversary yesterday. He is in fair health and has good hearing and eyesight, being able to thread a needle and read ordinary print without the aid of glasses.

DECREES PUBLISHED.

Kind of Autonomy Granted to Cuba and Porto Rico.

MADRID, Nov. 27.—The Official Gazette publishes this morning the royal decrees granting autonomy to Cuba and Porto Rico, thus removing the anxiety that had begun to be expressed on all sides as the result of the government's reticence and unexplained delay.

Article 1. Explains the principles of the future governments of the two islands. Article 2. Declares that the government of each island shall be composed of an insular parliament, divided into two chambers, while a governor general, representing the home government, shall exercise in its name the supreme authority.

Article 3. Declares that the faculty of making laws of colonial affairs rests with the insular chambers and the governor general.

Article 4. Directs that the insular representation shall be composed of two corporations with equal powers—a chamber of representatives and a council of administration.

Article 5. Provides that the council of administration shall consist of 35 members, of whom 18 shall be elected and 17 nominated by the home government.

Article 6. Provides that the members of the council of administration must be Spaniards, 35 years of age, who were born in the island or who have resided there continuously for four years. It specifies numerous officials, such as senators, presidents of courts and of chambers of commerce and other bodies as eligible to election to the council.

Article 7 to 14. Inclusive deal with nominations and the condition of election to councils. Article 15. Empowers the throne or the governor general to convoke, suspend or dissolve the chambers with an obligation to reassemble them within three months.

ON THEIR FIGHT.

Northern Illinois Miners' Strike Ended and Men Go Back to Work.

CHICAGO, Nov. 27.—The coal mining strike in the northern Illinois district ended yesterday. Twelve thousand men have gone back to work in the Coal City, Braidwood, Carbon Hill, Spring Valley, Rodi, Seatonville and Oglesby fields. One thousand men remain out at Streator, the only point where miners and operators have not agreed. A settlement there is expected within a week. The victory is with the miners.

Catarrah Cannot be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrah Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrah. Send for testimonials, free.
